How a Law Firm Organizes Legal Collaboration with its Clients in the Cloud

Hochleitner and Ransmayr is one of the most renowned law firms in Austria. They also represent the Fabasoft group on all legal matters.

The law firm uses Fabasoft Folio Cloud for developing legally relevant documents, such as contracts, with the Fabasoft group. Fabasoft Folio Cloud saves the documents safely and reliably and protects them from unauthorized access.

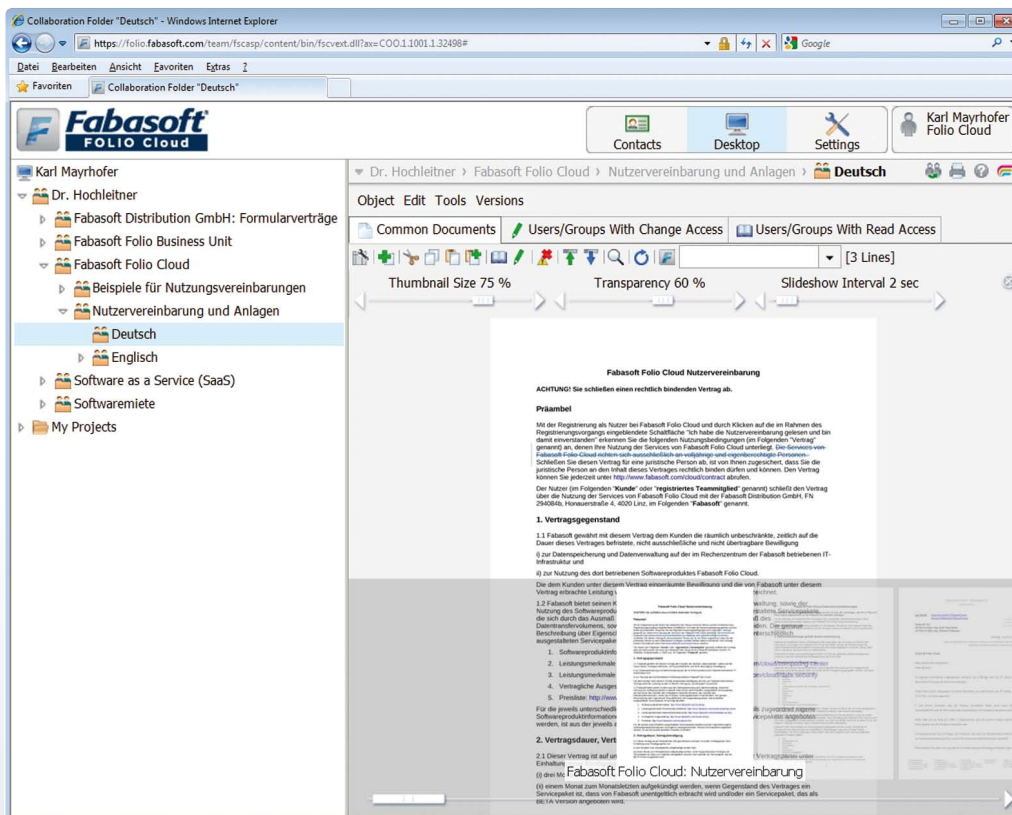

Only authenticated persons are entitled to access these documents online. A lawyer for instance is authenticated by means of a Citizen Card explicitly allocated to that person.

"Fabasoft Folio Cloud provides the optimal solution for safe and reliable cooperation with our clients. The confidential results of our work are no longer exchanged by e-mail or other unsafe media, but saved safely and reliably and processed in Fabasoft Folio Cloud. Only invited and authenticated persons may access the work results in Fabasoft Folio Cloud."
